

**ARMA Houston 2010 Conference**  
**ARMA GOLD (Growth, Opportunity, Leadership & Dedication)**  
**April 27-28, 2010**

The ARMA Houston Chapter would like to invite you to our 2010 Annual Spring Conference and Trade Show April 27 & 28.

This conference will highlight best practices and newest technologies for information content professionals and service providers. Great speakers and exhibitors provide critical insights, techniques and solutions for the records and information management industry. The keynote speaker will be Craig Price. His presentation "Getting a Grip on Negativity" is sure to entertain & enlighten the audience. The Conference will feature dynamic and creative sessions at all educational levels and is designed in a four track format: Records & Information Management Basics, Records & Information Management Advanced, Case Studies and Legal. Several professional continuing educational credits will be available including NALA, CLE/ethic and ICRM certification.

Don't miss this opportunity to network with other RIM experts representing a multitude of local as well as international enterprises. The conference will include a 50 year anniversary celebration of the Houston Chapter. The theme for the event is ARMA GOLD (Growth, Opportunity, Leadership and Dedication).
